

beginning with one's interior being, one's inner state of consciousness, inviting us to give outer expression to our highest potential not only for our own benefit, but for all humankind.

I wish to add that it was a wisdom-guided choice on the part of the Napoleon Hill Foundation to entrust this precious manuscript to the able hands of Sharon Lechter. Her many years of deeply studying Napoleon Hill's truth principles, and more importantly her practice of them, have made her a perfect candidate to now offer this manuscript to the world.

May all Hill's readers break free from conditional belief systems and live life in all of its richness, its exquisite beauty and joy, freely delivering their gifts, talents, and skills on this planet we all call home. Peace and richest blessings to you!
