

Q In other words, faith is the absence of all forms of negative thought. Is that the idea?

A Yes, that is another way of describing it.

Q Has a drifter the capacity to use faith?

A He may have the capacity but he does not use it. Everyone has the potential power to clear his mind of all negative thoughts and thereby avail himself of the power of faith.

Q Stating the matter in another way, faith is definiteness of purpose backed by belief in the attainment of the object of that purpose. Is that correct?

A That's the idea, exactly.

Faith is "a state of mind wherein one recognizes and uses the power of positive thought as a medium by which one contacts and draws upon the universal store of Infinite Intelligence at will."
